Try this pack for yourself now! [center] The Microsoft Lumia 950 is one of the most stylish Windows Phones on the market, and it's not hard to see why. The Lumia 950 is sleek, slim and lightweight, and features the best camera on Windows, as well as the best screen. Just like its siblings, the Lumia 950 features a vivid full HD display, as well as a super thin glass-to-metal body. The 950 is also a huge improvement over the Lumia 640, which has had a difficult time being consistent in the low-mid range of the Windows Phones. The Lumia 950 is big and powerful, but not at the expense of usability. As for what you will get, the Lumia 950 is available in a silver finish as well as a black finish. There is only one color option for this year's flagship device - black. The phone also comes in two sizes, one with a 5.2-inch display, and the other with a 5.7-inch display. The two-tone version of the phone will cost around €400 (approx. $435) in Europe, and is offered in the US for $534. The Lumia 950 also comes with features that are exclusive to this flagship. There is no Lumia 950 XL this year, but the 5.7-inch version of the phone will come with the highest end hardware in the Lumia 950 lineup. So, if you are thinking of getting the Lumia 950, or even the Lumias 950 and 550, below are some of the best deals for Windows Phone fans. Read more: AMD will also be launching its Radeon RX Vega 56-based Ryzen 7 series processors on Wednesday, with the chip maker also releasing its Ryzen 7 1800X and 1700X processors.
